Academic Credentials

Bachelor of Science in Mechanical Engineering

March 2018 – June 2023

Chittagong University of Engineering and Technology (CUET)

CGPA: 3.83/4.00 (With Honors)

Merit Position: 6th out of 128

Research Experience

Graduate Research Assistant

2025-09-01- Present

Computational Mechanics & Physics Lab

Department of Mechanical and Industrial Engineering

New Jersey Institute of Technology, Newark, NJ 07102, USA

Research topic: Fracture of Magnets

Undergraduate Thesis

June 2022 – June 2023

Thesis Title: Computational study on aerodynamic behaviour of the Ahmed body model with underbody diffuser.

- Research Supervisor: Syed Masrur Ahmmad
Associate Professor, Department of Mechanical Engineering, CUET
- Tools: ANSYS Fluent, SolidWorks, Tecplot 360
- Conducted computational simulations to analyze the aerodynamic properties of the Ahmed body model, focusing on the impact of underbody diffusers.

Technical Skills

Engineering Software: Abaqus, ANSYS, COMSOL, SolidWorks

Programming Languages: MATLAB, Python, C, Fortran

Professional Experience

Industrial Attachment: Unilever Bangladesh Limited **March 2023**
Kalurghat Heavy Industrial Area, Chittagong, Bangladesh

- Collaborated in a project to reduce excess give away (EGA) in sachet products, focusing on reducing wastage and financial loss.

Management and Leadership Skills

Vice President
Greater Noakhali Student Forum, CUET **2021 – 2022**

Judge
Inter-Department Debating Competition, CUET **2020-2021**

Volunteering
CUET Debating Society (DS) **2019 – 2020**
Green for Peace, CUET **2019 – 2020**
Andromeda Space and Robotic Research Organization (ASRROO), CUET **2019 – 2020**

Extra-Curricular Activities

Semi-Finalist
Inter-Department Debating Competition, CUET **November 2018**
